

30-Day Learning Roadmap (Personalized Template)

Your Learning Context (Fill This)

- 1 Current Situation: _____
- 2 Current Skills: _____
- 3 Goal: _____
- 4 Available Time (hrs/day): _____
- 5 Experience Level: _____
- 6 Preferred Learning Style: _____

Week 1: Foundations

Milestone: Build basic understanding.

- 1 Day 1: Overview + goals
- 2 Day 2: Key concepts
- 3 Day 3: Setup tools
- 4 Day 4: Learn fundamentals
- 5 Day 5: Practice basics
- 6 Day 6: Watch tutorials
- 7 Day 7: Revision

Resources: YouTube, freeCodeCamp, official docs

Mini Project: Beginner-level project

Week 2: Core Skills

Milestone: Apply knowledge.

- 1 Day 8: Intermediate topics
- 2 Day 9: Practice
- 3 Day 10: Real examples
- 4 Day 11: Tools/libraries
- 5 Day 12: Build scripts
- 6 Day 13: Debug
- 7 Day 14: Revision

Resources: GitHub, coding platforms

Mini Project: Functional tool

Week 3: Real-World Application

Milestone: Build a real project.

- 1 Day 15: Problem selection
- 2 Day 16: Planning
- 3 Day 17: Build MVP

- 4 Day 18: Add features
- 5 Day 19: Improve output
- 6 Day 20: Testing
- 7 Day 21: Finalize

Resources: Stack Overflow, docs

Major Project: Real-world solution

Week 4: Portfolio & Growth

Milestone: Showcase skills.

- 1 Day 22: Optimize
- 2 Day 23: Add features
- 3 Day 24: Documentation
- 4 Day 25: GitHub upload
- 5 Day 26: Deployment basics
- 6 Day 27: Share work
- 7 Day 28: Feedback
- 8 Day 29: Revision
- 9 Day 30: Reflection

Resources: Blogs, GitHub guides

Final Project: Polished portfolio project

Final Outcome

- 1 Strong foundation
- 2 Completed projects
- 3 Portfolio ready
- 4 Confidence to grow further
